Request to Amend Drawings

Sir:

Applicants request to amend the drawings by substituting the eighty-one (81) formal (replacement) drawing sheets enclosed herewith, containing Figures 1-97, for the drawing sheets currently pending.

These new formal drawings are identical to the pending drawings in all respects except for shading, line quality, margins, and paper size. No new matter will be added as a result of this substitution. Permission to amend the drawings by substitution is respectfully requested.

Respectfully submitted,

Sir:

In response to the Notice of Allowability dated February 17, 2006 kindly enter

Applicants' Comments on the Statement of Reasons for Allowance without prejudice as follows:

Comments on the Statement of Reasons for Allowance

Applicants acknowledge the Office's admission that the pending claims are patentable over the references of record. Applicants respectfully submit that while the specific features and relationships mentioned in the statement of reasons for allowance are not disclosed or suggested in the prior art, these are not the only recited features and relationships which are not found in the prior art. Furthermore, the statement sometimes indicates a general paraphrasing of claim language, and not necessarily the exact claim language. The statement also refers to subject matter (or language) which is not recited in all of the claims. For example, not all claims require the features, relationships, or steps indicated in the statement. For specific examples, but not necessarily all-inclusive, not all claims require an "ATM", or sending "a message containing the presentation", or "sending the response", or "accessing the commercial computer while the user is waiting", or "choosing presentations based on customer data", or "showing the presentations concurrently". It should be understood that the allowed subject matter is to only be limited by that subject matter which is specifically recited. Any remarks in the statement which narrow the recited subject matter should be disregarded.

Comments on the Examiner's Comments

As best understood, the Office's reference to "above agreed upon drawing changes" that "have been approved by the examiner" appears to be an unintended addition to the Notice of Allowability. The Notice is silent as to where there is any indication on record of a drawing change agreement or a description of drawing changes agreed upon. Nor does there appear to be any agreement of record. There also does not appear to be on record any form PTO-948

indicating informal drawings. Nevertheless, as a courtesy to the Office, Applicants file herewith formal (replacement) drawings in a Request to amend the drawings.

Respectfully submitted,

Ralph E. Jocke Reg. No. 31,029
